Making an IMPRESSION

Is one thing; making it right is another.

They DO say that the first im-
pression goes a long way, and
often the first impression on a
store, or the goods it gives, de-
cides the matter of whether or
not that store shall have a
buyer's steady patronage.

Be that as it may, we're per-
fectly willing to have our rep-
utation rest upon our choice.

New York State CHEESE has
a big hold upon everybody, or
nearly everybody who tries it.
It's rich and appetizing.

If you don't say it's as good

having tried it, then don't buy
here any more.

We know you'll like it, though.

SUSPENSE!

The Nations Seem to Be Making Their
Last Preparations for a Conflict
In Earnest.

THE POWERS NOT TO INTERFERE.

The Great Powers Have Proclaimed Neutrality--The Span-
ish People Expect Our Coast to be Bombarded--The
Terror Captures a Blockade Runner--Spain Scores
One--The Shenandoah, the Oregon and the Paris Safe
so Far as Known--Italy Takes an Independent Stand
on the Coal Question.

SPANIARDS EXPECTANT.

Madrid Await N ws of the Bombard-
ment of our Coast Towns
LONDON, April 27.—Special reports
from Madrid to the morning papers all
say that the people at the Spanish cap-
ital are hourly expecting news of the
bombardment of the Atlantic seaboard
cities of the United States. The Span-
ish fleets have all been at sea for some
days, and their destination is believed
to be the coast of America.

ENGAGEMENT REPORTED.

Torpedo Boat Cushing in Action
WASHINGTON, April 27.—The tor-
pedo boat Cushing is reported as hav-
ing had an engagement with the Span-
ish gunboat Lijera off Cardenas, Island
of Cuba. The Cushing has not been
with the blockading squadron for sev-
eral days. It is learned at the navy
department that she left the squadron
to go to Norfolk for some necessary
repairs to her starboard engine.

The Paris Not Captured Yet.

LONDON, April 27.—Confidential in-
formation furnished regarding the se-
cret instructions that were given to
Capt. Watkins of the steamship Paris
shows that the Paris will in all proba-
bility reach her destination safely in
due time. No anxiety need be felt if
the steamer does not arrive in New York
on Friday, on which day she would
be due under ordinary circumstances.
It is obviously indiscreet to give
any further hint of the intended move-
ments of the Paris. In the meantime it
is known that she nearly escaped the
first trap the Spaniards laid for her.
The principal warship assigned to
catch the big liner was the formidable
or liner Emperor Carlos V.

The Foote Has a Narrow Escape.

KEY WEST, Fla., April 27.—It was
the torpedo boat Foote, not the Cus-
hing as first reported, that was fired
on by the Spanish warships yesterday
off the port of Cardenas. The Foote ran
in close to shore on a scouting tour, but
was sighted by a fleet of three gunboats
and a torpedo boat belonging to the
Spaniards. They opened fire
on her sending one shot
just over the little vessel. The
Foote, having only small guns, with-
drew, without having sustained any
injury. This is the second escape of
the Foote within five days.

Insurgents to Cooperate With Fleets

WASHINGTON, April 27.—Cuban re-
presentatives General Nunez and Senor
Quasada had a long conference with
General Miles today at the war depart-
ment. It is supposed that they brought
information from General Gomez, re-
garding the plans for the co-operation
of the insurgents with the United
States army in Cuba. It is understood
here that Cuban insurgents, fully
equipped by the United States, will
move in Havana co-operating with our
fleet.

The Nations Proclaim Neutrality.

WASHINGTON, April 27.—Formal
notice that Great Britain recognizes
the existence of a state of war between
the United States and Spain and will
preserve the strictest neutrality was
presented at the state department to-
day. The official representatives of
Italy, Norway and Sweden, and the
Netherlands officially notified the state
department of similar action on the
part of their respective governments.

The Oregon and Marietta on the Home Stretch.

BUENOS AYRES, Argentine Repub.,
April 27.—A British steamer which
has just arrived at Monteideo reports
that she left the battleship Oregon
and the gunboat Marietta taking on
coal at Punta Arenas, in the Straits
of Magellan. It is believed that the
Spanish torpedo boat Tumerario is
about to sail.

Irving Hale to Command.

DENVER, April 27.—It is semi-
officially stated that Irving Hale will
command the Colorado regiment of
volunteers.

THE TERROR TERRIFIES.

The Formidable Monitor Captures a
Blockade Runner--The Vessel's
Captain Wanted to Commit Suicide.
KEY WEST, April 27.—The mon-
itor Terror last night cap-
tured the Spanish coaster Bolivar.
The Bolivar had twenty-six passengers,
a cargo of bananas, and \$40,000 in
specie. She was traveling coastwise,
and as she was trying to break through
the blockade that Admiral Sampson
has established a solid shot was sent
across her bows by the monitor. The
Bolivar promptly stopped, and a prize
crew was put aboard.

The passengers on the Spanish vessel
were greatly frightened, and begged
that mercy be shown them. The cap-
tain and crew were disarmed. By
agreement then all the passengers and
crew except the captain and chief
engineer were landed near Cardenas.
Carpenter Martin and five men, com-
posing the prize crew, brought the
vessel into Key West. The captain
of the Bolivar cried all night and begged
Martin to kill him. He tried every
means to get hold of a revolver, saying
that he preferred death to going into
Key West a captive. The Bolivar was
brought from Port Limon to Havana.

War Expensive.

WASHINGTON, April 27.—After the
chaplain's prayer in the house today
Chaplain Dingley gave a brief ex-
planation of his bill for raising a war re-
venue, after the clerk had finished
reading it. He said that it was entirely
a war measure; that it did not in-
volve in any way the established prin-
ciples or policies of any political party.
War, he said, involves enormous ex-
penses. It took \$1,000,000,000 in 1865
to carry on the war for one year, and
now with the modern engines of de-
struction it would cost infinitely more
than it did then. However, he did not
at present expect that the Spanish-
American war would cost as much as
the civil war did.

It is said that all articles are to be
taxed that can bear taxation. All the
taxes are to be placed on objects of
voluntary consumption or on persons
well able to pay, and all are designed
to bring in revenue from the day of
passage, according to Mr. Dingley.
The war upon which we have entered,
he said, is not to be a two months', four
months' or six months' affair, there-
fore it is necessary that all people of the
nation shall stand together
in the patriotically in raising
necessary revenue for the con-
duct of such a war. Dingley explained
that under the bond provision in the
bill it was the intention of the sec-
retary of the treasury to place the first
hundred million on sale at post offices
throughout the country.

To Equip Cuban in Urgents.

WASHINGTON, April 27.—Mr. Stew-
art of Nevada, introduced a resolu-
tion in the senate today directing the
secretary of war to furnish
the senate as soon as possible
with estimates as to the amount of
money necessary to equip the Cuban
insurgents completely with guns and
ammunition in order to enable them to
drive the Spaniards from the island.
After a brief discussion by Allison,
Hale, and others, the resolution was
referred to the military committee.
The belief is gaining ground here
that the administration will use the
Cubans already on the island to the
most extent compatible with our own
interests, and it is likely that the gov-
ernment will arm and equip many
thousands of Cubans who have been
waiting only for guns and ammunition
before going to war.

They are Too Late.

LONDON, April 27.—A fleet of three
Spanish warships has been sighted at
the entrance to the British channel.
Two are torpedo boats and the third
an auxiliary cruiser. It is supposed
these vessels were after the Paris.

Submarine Boat Not Yet Ours.

WASHINGTON, April 27.—The navy
department authorizes the statement
that the submarine torpedo boat Hol-
land has not yet been purchased for
our navy.

RAN THE BLOCKADE.

Spanish Auxiliary Cruiser Said to
Have Bugged the Line.

WASHINGTON, April 27.—A report
is current here, originating in a source
that is considered trustworthy, but
nevertheless impossible to confirm at
this hour, that the Spanish mail
steamship Montserrat, an auxiliary
cruiser of the Spanish navy, with one
thousand soldiers aboard, together
with \$3,000,000 in coin, has succeeded
in running the blockade, and has
entered the port of Cienfuegos,
Cuba. The Montserrat carries eight
large calibre guns. The report is dis-
credited at the navy department, naval
officers saying that the cruiser simply
could not have got through the bunch
of Admiral Sampson's watchdogs.

Secretary-Gage's Conference with the Bankers.

NEW YORK, April 27.—Secretary
of the Treasury Lyman J. Gage
arrived this morning. While he would
not talk freely for publica-
tion it is understood that his
visit has reference to the
forthcoming bond issue. His con-
ferences with leading bankers, however,
cannot mean that the idea of a popular
loan of small denominations is to be
given up, for that is believed to be the
definite intention of the administra-
tion.

Storm at Norfolk.

NORFOLK, Va., April 27.—The flying
squadron is riding out a terrific storm
here today. There has been little com-
munication between the ships and the
shore. There is no sign of preparation
for immediate departure.
NORFOLK, April 27.—The terrible
gale that is raging here causes great
anxiety for the safety of the transport
steamer Panther, which left this port
yesterday for Cuba, laden with
marines.

A Battle Expected.

TAMPA, Florida, April 27.—The gov-
ernment expects a battle very soon,
indicated by the fact that Red Cross
nurses and surgeons under sister Is-
abella Almy stationed here, have been
ordered to pack up and prepare for
sudden departure to Key West. If
Clara Barton arrives in time they will
get away tonight or tomorrow.

Vatican Will Observe Strict Neutrality.

The Rome correspondent of the Lon-
don Daily Mail says:
"Cardinal Rampolla, the papal
secretary of state, declares that the
Vatican will observe the strictest neu-
trality. The pope desires prayers only
for a speedy conclusion of peace. He
considers the singing of the deums for
victory an utterly incongruous pro-
ceeding."

A New Base of Supplies.

TAMPA, Fla., April 27.—This point
is to be used by the United States gov-
ernment in conjunction with the Cuban
Junta as a base of supplies for the
Cuban army. It is understood that work
will begin at once to clear docks for
heavy shipments of supplies from the
north. Transports are expected at
any time.

"Las Novedades" Suspends.

"Las Novedades" (The News), a
Spanish paper published daily and
weekly at No. 33 Barclay St., New
York, and used as the official organ of
the Spanish consul-general in that city
and the Ambassador at Washington,
has suspended publication on account
of the rupture between this country
and Spain.

A Fast Steamship Bought.

The report of the purchase by the
government of the steam pilot boat
Philadelphia blockading for a
vessel is confirmed by a
member of the board. The
price paid was \$100,000. This is an ex-
ceptionally good rough weather boat,
and has an unusually large coal carry-
ing capacity.

The Shenandoah Safe.

QUEENSTOWN, Eng., April 27.—The
American clipper Shenandoah, reported
captured early in the war, has been
reported safe in the English Channel.
The first report was started in London
evidently for stock jobbing purposes.

Italy and England Differ.

ROME, April 27.—The chamber of
deputies has decided today that coal
cannot be considered contraband of
war. This decision will be immedi-
ately communicated to the Spanish and
American authorities.

The Powder Mill Explosion.

SANTA CRUZ, Calif., April 27.—The
first reports on the powder mill explo-
sion here yesterday come greatly ex-
aggerated. The number of dead will
not exceed ten. The smokeless powder
tower was only slightly injured.

None Too Soon.

Orders have been issued by the navy
department to prevent the newspaper
boats from following the fleet, thus
doubling the difficulty of obtaining ac-
curate information as well as greatly
delaying it.

Spanish Mail Watched.

WASHINGTON, April 27.—The gov-
ernment has ordered that all Spanish
mail be subjected to the strictest
censorship. The postal authorities have
the matter in charge.

For plumbing and gas fitting at
reasonable rates go to 310 El Paso St.

A CHANCE TO FIGHT.

El Paso and Teddy's Terrors.
Mr. Geo. Curry, of Tularosa, New
Mexico, member of the Senate of New
Mexico, received the following tele-
gram this morning at 11:45 from H.
B. Hersey, adjutant general of the
New Mexico militia:

SANTA FE, April 27, 1898.
GEORGE CURRY: Can't take whole
regiment; will take you as first lieu-
tenant of Fleming's Company if you
will bring about fifty picked men.
Must be able to pass physical examina-
tion. This is for crack cowboy regiment
under Col. Wood and Lieut. Col.
Roosevelt. It will be sent to the front for
immediate service, and considered the
most desirable regiment organized.
Will want men at railroad by Monday
if possible. Answer at once.

H. B. HERSEY, Adj't-Gen.
Mr. Curry's answer, sent at 2:15 this
afternoon, was that he has fifty men
selected and eager to go to Cuba,
every one of them crack horsemen
and pistol-shots. All are New Mexi-
cans but most of them have been lo-
cated in El Paso for some time. H. B.
Hersey has secured an additional
twenty-five men, and these and Mr.
Curry's men will be part of the reg-
iment of cowboys gathered from the
entire western country, under Col.
Wood and Lieut. Col. Roosevelt.
The boys from El Paso will be ready to
start Monday. Horses and outfits will
be waiting for them at New Orleans.

ROOM FOR RECRUITS.

Dr. Yandell received the following
letter from Eastland this morning:
"We are organized for service here
and can use a few more men. We un-
derstand you have telegraphed relative
to getting some of the El Paso boys in-
to a company. Let us hear from you if
such be the case. Yours sincerely, E.
E. Chastin, captain."

The doctor has replied to this stat-
ing that he understands Captain Chas-
tin's command is not in the volunteer
guard, and it is the guard that will
have the first chance to enlist. The
El Paso boys want to reach the front.

EL PASO RECRUITING STATION.

Judge Magoffin will open his recrui-
ting office in the court house Monday
morning next. He is already over-
whelmed with application for enlist-
ment.

In answer to a telegram sent by Dr.
Yandell yesterday to the mayor of Dal-
las, saying that El Paso would furnish
men to the Dallas companies of the
volunteer guard, he received answer
this morning, "All Dallas companies
are full."

VOLUNTEERS' ATTENTION.

All those desiring to volunteer under
the call on Texas for over 4000 men for
the war, will please meet in vacant
store next to H. B. Stevens' office,
Sheldon block, this evening, April 27,
at 7:30 p. m. sharp. W. M. YANDELL.

Governor Tanner is Right

CHICAGO, April 27.—Governor Tan-
ner is having a hard time with young
Joe A. Logan and Mr. Logan's mother,
simply because he refuses to retire Col.
Young from the command of the First
cavalry in order to give the "son of his
father" the position. Governor Tan-
ner is upheld in his action by all mil-
itary men here.

Gladstone Slandered.

LONDON, April 27.—It is reported
here that Gladstone died this after-
noon.

HAWARDEN, April 27.—The reported death of Gladstone is officially de- nied.

Colorado's Apportionment Changed.

WASHINGTON, April 27.—Colorado's
apportionment of troops to be furnished
under the president's call for 125,000
volunteers has been changed to one
regiment of infantry and 175 cavalry-
men.

Tit for Tat.

MADRID, April 27.—The Spanish
gunboat El Cano has captured the
American bark Saranac near the Phi-
lippines.

Texas Rendezvous Changed.

dezvous of the Texas volunteer
troops was changed today from
